Scoring

Scoring for YRA of LIS season trophies will continue to use the High Point Percentage of Perfection Scoring System. A yacht will be awarded one point for starting, and one point for every yacht she beats in her class that started the race. In a single race, a yacht's percentage of perfection score is calculated by dividing the numerator, consisting of points awarded, by the denominator, consisting of the points earned by the winner of the race.

In order to qualify, a vessel must be a YRA of LIS member yacht at the time of the race, and is defined as; PHRF racing—any vessel that has a valid YRA of LIS PHRF certificate on file and is current with her membership dues. IRC racing—current IRC certificate and is current with her YRALIS membership dues. OD racing- valid one design certificate and is current with her YRALIS membership dues. A one boat division does not count towards YRA seasonal trophies.

For a trophy, a yacht's percentage of perfection (as expressed above) in each of her best qualifying races (as determined above) will be averaged to produce a season percentage of perfection. The highest season percentage of perfection wins the trophy. If a tie still remains, RRS A8.1 will be used and if a tie still remains, the boat with the higher percentage of 14 to 23 year-olds on board shall win the tie-breaker.

The running results will be posted on the YRA of LIS website on a regular basis, www.yralis.org.

New ideas for improving both the scoring and communication of current scores to the racers are always under consideration by the Racing Programs Committee, and a competitor's ideas are always welcome. Please e-mail them to scores@yralis.org.
